

CLEAN BENCH USE - IMPORTANT NOTES

- **Planning to move the Clean Bench?**

- **Contact EHS first!** It must be decontaminated by a professional before it can be moved and re-certified in the new location

- **Has it passed annual certification?**

- **Check the certification sticker!** If it failed or missed certification, **DO NOT USE**. Contact EHS!

- **DO NOT USE your Clean Bench if:**

- It hasn't passed an annual certification
- You plan to use hazardous materials in it. Use a Chemical Fume Hood or Biosafety Cabinet instead (as appropriate).
